Dear Mr. Lundstrom:

Your memorandum of 18 August 1983 requested that the attached Agency map of Hunza, dated August 1961, be reviewed with an eye toward declassification. We consulted our Cartography Branch, and according to its records this map was prepared at the request of the State Department. The requesting office assigned the CONFIDENTIAL classification. CIA has no objection to the declassification of this map, subject to review by the State Department.

If the State Department decides on declassification, we would appreciate a notification of the action so that we may have the change recorded in our records. We return the map herewith as requested.

Sincerely,

Chief, Classification Review Division
